## 7 ROUTE

The event will consist of 6 stages with approximately 50 miles of stage rallying. The surface is a mixture of smooth / broken concrete and gravel. Much work has been done to further improve the worst surfaces.

**Competitors will be classified as finishers if they visit all controls, complete all stages and report at all MTC's without incurring the penalty of exclusion. The stages will be timed to an accuracy of less than one minute in accordance with K17.8.1.**

## 8 TECHNICAL

All vehicles must comply with MSA Technical Regulations E12 and K37 with the exception of K37.9.1 Cars need not be taxed for the public highway but are required to have a current MOT (where applicable) and registration documents available for inspection at Scrutineering. To reduce complaints and preserve the venue for future use the organisers in conjunction with the RLO have found it necessary to impose the following restriction.

**“Any vehicle which constantly backfires may be excluded from the event at the discretion of the Clerk of the Course”. “If any vehicle is modified or fitted with a device that may cause persistent backfiring, it must be disabled at all times”.**

Judges of Fact will be appointed to monitor cars that cause loud detonations.

Competitors reporting to MTC's more than 5 minutes after their maximum lateness will be deemed not to have visited that control.	

### 15(b).ADDITIONAL PENALTIES

The causing of any obstruction, undue noise or nuisance on the venue and land surrounding the venue, access roads or the Public Highway before or during the event by any competitor, service crew or personnel associated with any competitor may result in exclusion of the associated competitor.

### 15(c).MISCELLANEOUS

All General Regulations of the MSA apply except for the following, which are modified as stated

- K29.1 Time controls will open 5 minutes before the due time of the first car and close 10 minutes after the due time of the last car.**
- K35.1 To be classified as a finisher competitors must report to all controls listed in the road book and report to the final control within the maximum lateness permitted, in the car in which they started the event.**
- Broken or damaged cars will only be recovered by official recovery vehicles and then only at the discretion of the Clerk of the Course.**

**Cars should not be left unattended in a stage without first notifying the nearest radio. Drivers should return to the vehicle in time to facilitate its recovery.**

## 15(d). FAILED COMPETITORS

Competitors who do not visit a Time Control within the time allowed will be penalised as specified in K.31(a) and will be classified as a non-finisher. However, the Clerk of the Course may permit these crews to continue in a Stage Practice Event which will run concurrent with the main event provided that :-

(a) The crew has not incurred a penalty of exclusion other than not visiting a Time Control within the time allowed.

(b) It is the same crew in the same car that started the event.

The vehicle has been re-inspected by an event Scrutineer. The decision to allow a crew to continue rests solely with the Clerk of the Course who may withdraw competitors time cards at any subsequent point. To take advantage of this option, the crew must report to Rally HQ and make arrangements for an event Scrutineer to re-inspect the vehicle. With the agreement of the Clerk of the Course, they will then be issued with the next appropriate stage arrival time. Crews will retain their existing competition number and may continue in approximately their original running order or any other specified by the Clerk of the Course.

## 16 TIMING

This is a Target Timed event. Main Time Controls (MTC) will be located prior to the start of stage 1 and after the finish of the final stage. Car 0 Due time at MTC1 is 0826. Competitor MTC1 times will be issued in the final instructions. Competitors may be required to reduce any lateness in accordance with K30.6. In the event of any retirements competitors will be required to close gaps. Maximum permitted lateness K30.4(e) and the penalty free lateness K30.4(f) for the event is 10 minutes. Automatic timing may be used, Details of the start procedure will be as follows:-

**16a. The starting signal** for special stages will be controlled by automatic timing equipment utilising jump start beams and clock operated traffic lights displaying the following starting procedure. There will be **no** verbal countdown.
