- 2) The meeting will be held under the General Regulations of the Motor Sports Association (incorporating the provisions of the International Sporting Code of the FIA), these Supplementary Regulations and any written instructions that the organising club may issue for the event.
- 3) MSA Permit Number: - **TBA**
- 4) The event is open to all fully elected members of the Sheffield and Hallamshire Motor Club Ltd and members of the following Clubs, Associations and Championships; *Lifeline Curborough Sprint Championship, in association with T.B.S.*
- 5) All competitors must produce a valid Competition Licence, Club Membership Card and Championship Registration Card, where applicable.
- 6) The event is a round of the *Lifeline Curborough Sprint Championship, in association with T.B.S.*
- 7) The programme will be scheduled as follows:

Scrutineering starts at	8:00am
Driver's Briefing starts at	9:00am
Practice starts at	9:15am
First timed runs at	1:30pm

(Any competitor not signed on by 10:15am may be excluded)
- 8) The length of the course is 1557 yards and consists of a tarmac surface not less than 15 feet wide, with left and right hand bends and a fast finishing straight.
- 9) An eligible vehicle applicable to complete within this event may be defined as being able to comply with sections C and I of the 2009 MSA *Competitors Yearbook*. The organisers decision on a particular vehicle exclusion from a class is final.

Classes:

Standard Production Cars

S	Sa	<1400cc
	Sb	1401 to 2000cc
	Sc	2001cc and over

Standard Saloons and Sports Cars are defined as Production Cars which must be taxed, insured and MOT'd where applicable. No modifications (optional or otherwise) are allowed which are likely to improve the performance and handling of the vehicle with the following exceptions:- The standard rim width may be increased by a maximum of 1.0 inch with tyres to suit. Electronic ignition may be fitted, as may heavy-duty dampers. The air cleaner and exhaust system must remain as production, including catalyst if fitted. In the interests of safety the front seats may be replaced by a fully trimmed competition version, not just a bare shell. Pyrotechnic safety devices such as airbags and seatbelt pre-tensioners may be removed or disconnected. Steering wheels may be replaced. No other modifications except the fitting of a roll cage are allowed in classes **Sa**, **Sb**, or **Sc**. Tyres must be defined in the 2008 or 2009 MSA *Technical Regulations - List 1A*, or as fitted by the vehicle manufacturer as standard production. All cars running in the above classes must remain in road legal form at all times. In the event of an unresolved eligibility problem, the driver of the car in question may be asked to produce a manufacturer's catalogue within four weeks of the event queried to substantiate any modification / specification and allow the championship points to stand. Kit cars, limited edition production cars, low volume road cars, space framed and non ferrous chassis construction cars and all 4x4 vehicles are not permitted in these classes, (i.e. Lotus Elan, Rover 200 BRM, Clio Williams, Lotus Elise Honda Type R, Renault Spider, Mitsubishi Evolution), and these will be placed in other classes as appropriate. Turbocharged Diesel engined vehicles will be placed in their engine capacity class without forced induction factor applied.

Road Modified Saloons & Sports Cars (excluding Kit, Replica, Space framed and Non ferrous chassis construction cars and 4x4 vehicles - see note 1d)

- 1 1a <1400cc
- 1b 1401 to 2000cc
- 1c 2001cc and over
- 1d All capacity 4 wheel drive vehicles

Road Modified Kit, Replica, Space-framed and Non Ferrous Chassis Constructed Cars

- 2 2a <1700cc
- 2b 1701cc and over

Cars running in the Road Modified classes must conform to the regulations for Road going Production Cars as defined in the 2009 MSA Technical Regulations-Section I.46, with the following amendments:
Cars must be taxed, insured MOTd where applicable (documents must be made available for inspection) and remain road legal in all respects at all times.

A full sized windscreen (a single windscreen the full width of the car and with a minimum glass measurement of 235mm between the top and bottom frames of the windscreen) must be fitted in the standard position. Cars supplied without full sized windscreens are not permitted in these classes. The bonnet and boot lid may be replaced by versions in other materials but all other bodywork must be of the original material. Wheel arch extensions are permitted, but the original wheel arch may not be modified. In classes 2a and 2b only the air intake filter may protrude beyond the silhouette of the car to a maximum protrusion of 75mm. When the filter is removed the silhouette must remain as standard. All cars running in 1a to 2b inclusive must be silenced to a max. Noise level of 105-dB (A) when measured at 0.5 metre from the exhaust pipe at a 45 angle at two-thirds maximum RPM. Wheels are free but tyres must conform to List 1A of the MSA Technical Regulations Ce.1.1. 2008, or 2009. Kit Replica non ferrous chassis construction and Space framed cars are not permitted in classes 1a, 1b or 1c. In the event of an unresolved eligibility problem the driver of a car may be asked to produce a manufacturer's catalogue within four weeks of the event to substantiate any query and allow points to stand.

Road going Lotus cars up to 2200cc and Vauxhall VX220 and Opel Speedsters

- 2L Cars with engines fitted as original equipment by the vehicle manufacturer
- 2M Cars with N/A engines not available as original fitment by the vehicle manufacturer
- 2MT Cars with forced induction engines

Cars running in this class must be based on a production car, taxed, MOTd (if applicable) insured and driven to the event. Modifications are permitted to enhance the performance but the cars must remain in road legal form at all times. They must be silenced to a max. Noise level of 105-dB (A) when measured at 0.5 metre from the exhaust pipe at a 45 angle at two-thirds maximum RPM. Wheels are free but tyres must conform to List 1A of the MSA Technical Regulations 2009 or 2008 or fitted by the manufacturer as production. In the event of an unresolved eligibility problem the driver of a car may be asked to produce a manufacturer's catalogue within four weeks of the event in question to substantiate any queried specification.

The following classes will be run to MSA Regulations unless otherwise specified.

Modified Production Cars (excluding Kit, Space framed and Non ferrous Chassis construction cars)

- 3 3a <1400cc
- 3b 1400 to 2000cc
- 3c 2001cc and over

Modified Kit, Space frame and non Ferrous chassis construction Cars

- 4 4a <1800cc
- 4b over 1800cc

NOTE: Production cars and kit cars which are available only on tyres conforming to List 1B of the MSA Technical Regulations, 2007, 2008 may run in these classes but must remain in road legal specification.
