## Press Release Hylton Gott Volvo Centenary Stages

**--For Release on Wednesday 29th April 2015--**

Sheffield & Hallamshire Motor Club are pleased to announce that the Centenary Stages will take place at Snetterton in Norfolk, on Sunday 16th August. The event moves to the new venue following a year of hard work by the club, who were forced to cancel the 2014 rally due to a shortage of venues.

"We are proud to be bringing rallying back to Snetterton", said Club President Matt Screatton. "It was hugely disappointing to have to cancel both our stage rallies last year, but have redoubled our efforts to secure a new venue over the winter. When the opportunity to hold our premier event at Snetterton arose we jumped at the chance. They are keen to have rallying back at the refurbished circuit and broaden their portfolio of events, and we are looking forward to working with one of the premier groups of circuits in the country to provide an excellent event for both competitors and spectators alike."

The rally will encompass approximately 58 stage miles taking place over 8 stages, and each stage will feature 2 miles of non-circuit mileage on other infield parts of the MSV-owned venue. Entry fees will be announced in due course as we get nearer to the event.

We are also pleased to welcome Hylton Gott Volvo as title sponsors of the Centenary Stages. Established in 1969 as one of the first UK Volvo Car franchises, King's Lynn-based Hylton Gott Limited have a history of motorsport sponsorship, and were instantly enthusiastic about working with Sheffield & Hallamshire Motor Club for the Centenary Stages.

More information about the event will be released in due course.
